

**Tony Majakas, VP Health Business Development, Technogym**

Tony has recently given up his role as UK MD for Technogym, to head up a new global project based on the Health Agenda. The UK is a prime location to develop new international best practice for Health.

Tony was previously Technogym's Global Business Development Director for five years – a role which allowed him to familiarise himself with the top operators around the world.

As a previous Board Member and as Managing Director of Technogym UK, Tony has a unique understanding of the FIA and a real passion to move the industry forward.
