## FIT FOR A FUTURE

YOUNG Londoners looking to join the fitness industry can train for free with Transforming A Generation (TAG). The youth charity have 500 places for jobseekers aged 18 to 24.

The scheme aims to break the “no job, no experience” cycle and has found youngsters jobs with top health clubs. TAG’s Howard de Souza said: “A million young people face a life without a job so we launched the programme.”
